Investment Philosophy Protecting Capital - DSD Mechanism

DIVERSIFICATION

Three important risks : Governance, Technology and Business cycle - can be reduced only by Diversification. We invest across market cap, sectors, and companies to reduce company/sector specific risk.

STAGGERED APPROACH

We build the portfolio over a period of time.

DISCIPLINED EXIT STRATEGY We have a disciplined Exit strategy. We sell/reduce due to rebalancing of the portfolio, change in growth assumption of our portfolio company, expensive valuations.

Investment Philosophy Creating Wealth - 3M Approach

Market Size

Market size determines size of opportunity. We prefer companies which are targeting large market size to generate exponential returns.

Market Share

We buy the companies which are leaders in their sector as they are best positioned to navigate upturn and downturn of the economy.

Margin Of Safety

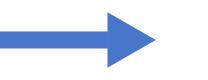

Price is what you pay. Value is what you get. We buy the companies which are available at reasonable valuations.
